“ *I am so sorry to the Green family for their loss. Mrs. Green was a wonderful woman. I have enjoyed every minute that I have spent with her in the past year. Emma had a great personality and I enjoyed hearing her stories from her past and present events. She had a huge heart and a bright smile. I have enjoyed being her home health aide for the past year and I am thankful for the time I have had to spend with her. MY condolences go to Emma's Family. She will be greatly missed.*

“ I have been Emma's next door neighbor for four years. She has always been gracious and welcoming, and loved to sit on the bench outside in the hall and visit. She will be missed greatly here, especially for her upbeat outlook on life. I pray God will give her the rewards she has earned in this life. She has always been thoughtful and caring to me.

“ Emma was such a lovely neighbor for my mom, Betty, who was her next door neighbor-- in the building that Emma lived in for 14 + years??? Emma often would bring mom some spaghetti and sauce she just made, or shared some of her yummy fried dough which I was also able to enjoy. Lots of other goodies. And my mom would bring goodies to Emma. So sweet. Emma and I talked about clothes a lot...scarves and how much we loved them...and Hair! What a head of gorgeous silvery-white hair! Emma was a talker and we covered a lot of territory (topics) whenever we ran into each other...which was fairly often as I visit mom pretty frequently. Anyhow, I know Mom will miss Emma as I know many in their 'neighborhood' (those on the second floor) will. Happy Trails Emma! I'm sure you have a wonderful family because you are a gem of a lady and will also be so in my memory. My sincere condolences to Emma's family. Going to miss her energy and love.
