“ I met George in December of 2014. I was at a Ham Radio Examination Session as a Volunteer Examiner. George came to the session, sat down, and passed all 3 Amateur Radio Exams. I got to talking with him. He and I were of the same generation. It turned out he had a Novice License, WN2LFS, back in 1971. Unfortunately he did not advance past the Novice level and it expired 2 years later. He said he always wanted to get back into Ham Radio but he never did. That is until his nephew went and got a General License in June of 2014. This spurred George into studying for and passing the exams in December 2014. I started helping George as I've been a Ham since 1973. I got him into the Ulster County Weather Net and reporting the weather for Saugerties. I also introduced him to the 7to9Net, which is a bunch of Hams in the North East that get-together on weekday evenings and talk for 2 hours. They also have 2 in person luncheons during the year. If you would like to see pictures of George at these luncheons, go to "7to9net.org" and look at the photos from 2015 for the Honesdale Luncheon, Utica Luncheon, and Fish Fry in Poland.

I am thankful to George's nephew Daniel, KD2GTF, for getting his Ham license and causing George to get his. Otherwise I never would have met George. I look forward to meeting Daniel one of these days or at least talking to him on the air. I was looking forward to doing a number of Ham Radio projects with George, but unfortunately his illness cut that short. I will really miss George.
