“ I just completed the hardest task known to man. I walked through your front door and you were not there. I watched TV and you were not sitting beside me. I made brownies in your beautiful kitchen and you were not there to laugh and talk with me. I looked at photo albums and laughed and cried and squealed with joy at the past. The worst of all I walked out the front door...the final goodbye to you. How do I call your phone number knowing that I will never hear your voice on the other side? How do I move forward without you? I know how...I will keep you in my heart forever. I will think of you every time I bake or play cribbage. I will love you always and miss you terribly. I will not say goodbye....I will say see you soon. I love you.

“ To Brenda and the Clark family. We are so sad to learn of Millie' passing. She was a lovely kind person. We will always remember our team bowling night and all of the fun we had and at age knocking down those pins was quite an accomplishment!! That is if we were fortunate to do that Love Kay and Tasha Berzal

“ I send my sincere condolences to the Clark family, especially to my 2 brothers Mike and Maurice for your loss of your Mom. Millie has been like another Mother to me since about 9 years old I'd say. Spending my childhood growing up with Mike and Maurice with Millie as a loving caring mom watching over all of us as we played Nintendo and Basketball at the house almost every day. Over the years I just started calling her Mom because that is how I felt about her as part of my life. Millie you meant the world to me for how you practically took me in as I grew up with your boys. You always made me feel welcome in your home and even invited me for dinner and the holidays on many occasions. I'm gonna miss you and our conversations we often had in person and on the phone as I checked in with you. I will never forget your big smile and open arms you gave to me when we saw each other either at home or out in public. My entire family is saddened to hear that you have passed on but I'm sure you have been greeted by my Mother and Nanny up there in heaven. Love you so much, until the day we meet again.

Just a little late but I find it so hard to express what I feel about the passing of my Best Friend.

We met about 2 weeks after I met my Late Husband Richard. We hit it right off. And we have been friends ever since. Like since 1972 or 73 I can't remember which but a long time.

I find it almost impossible to stop mourning for her. We were through good times and bad and all that life can bring.

Richard and Maurey and Millie and I were pinocle players and sometimes played to 4 in the morning before the twins were born.

I love Millie and will always remember my sweet friend. She is in my thoughts every day and sometimes I pick up the phone to call her and then I realize I can't. When we visited each other we played cribbage a lot. She loved that game and spoke of playing it with her Mom which I'm sure is happening in Heaven.

Yes she flew to NC to visit me. And when I went to NY I stayed with her and we could talk for hours. Just like me never had been apart.

Love you Millie and peace to all her Children David, Craig, Brenda, Maurice and Michael.
