“ *Barbara and family,
My condolences to all of you on Neil's passing, I was not aware that he was not well recently, and I am sorry that I did not get the opportunity to speak with you at the house this week or at the service. My memories of you go back to Cub Scouting days, likely around 1975? when I believe Barbara was a Den Leader and Neil was the Committee Chairman of Pack 37, meeting monthly at the Blue Mt. School. I also knew Neil from IBM, where I oversaw testing on a product that he was responsible for developing. Since then, I have only seen you occasionally at voting at Morse School. I was always impressed by your calm soft-spoken natures, which is a rare quality especially in these recent times. My deepest sympathy.*
