“ *A few years after we had graduated, Bill and I had a nice lunch date together and I will always remember his kind attention to my rambling stories and his enthusiastic joy for his job at that time. He was a gentleman and scholar. I am so saddened by his passing and hope his family is comforted by the memories they have created together. He was in short, just such a very nice person.*

“ *I have very fond memories of Bill from our high school days. Smart and funny, everything was more interesting with Bill in your class. My thoughts are with his family...*

“ *I am so sorry to hear of Bill's passing. I will always remember the "talks" we had during lunch and intellectual discussions during English. Bill was a great guy and will be sadly missed. Praying for you in your time of loss.*

“ I was deeply saddened to read of Bills passing. I can still remember his love of learning and over all love of being alive. He was a joy to teach. I extend my sympathy to Leslie--also a former student--and the others in his family.

“ Although Bill and I hadn't spoken in years, his name came up in conversation often. Intelligent and driven, he had a good grasp on what mattered. I am saddened to learn of his passing, and wish I had a more time with him.

“ Bill was a friend of mine in high school, though we lost touch after graduation. Sorry to hear of his passing. I still often remember him being quite a Beatles fan when I hear them on the radio. Perhaps there will be room for a Beatles tune at his service?
